Brainstorm & idea prioritization

Use this template in your own brainstorming sessions or your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

- 1. Problem to solve
- 2. Team objective
- 3. Example outcome

Before you collaborate

1. Make sure everyone gets a long way with this session. Nervous what you need to do to get going?

2. [Go to slide](#)

Define your problem statement

What problem are you trying to solve? Frame your problem as a "How Might We" question. This will be the focus of your brainstorm.

3. [Go to slide](#)

Brainstorm

Write down any ideas that come to mind that address your problem statement.

4. [Go to slide](#)

Organize ideas

Take your brainstorming ideas and cluster them into related categories or groups. In the last 10 minutes, give each cluster a unique name. The cluster is bigger than an idea, but smaller than a solution.

5. [Go to slide](#)

Prioritize

Place your ideas on the same page about which is most important. Based on your ideas on the page, determine which ideas are important and which are feasible.

6. [Go to slide](#)

After you collaborate

What can you do next? Use an image to get to know with members of your company who might find it helpful.
